<sup>1</sup> To access the internet on your computer, you need to open a web browser. To do so, look for a browser icon on your desktop and double-click on it. If you cannot find the icon, search for the browser name in the search bar (bottom of the desktop) or look for the Start button (bottom of the desktop, four blue squares) -> search for the browser name in the search bar and open it from there.

<sup>2</sup> The address bar – a text field located at the top of the browser window.

<sup>3</sup> Your name, address, email, phone number, and password. Make sure to tick mandatory checkboxes – terms and conditions and the privacy notice and to verify reCAPTCHA (tick the checkbox I am not a robot).

<sup>4</sup> If tickets are not available, go back to the homepage and repeat step 5.

7. **Payment:** Choose your preferred payment method; enter card or bank transfer details. Do not confirm the payment yet!
8. **Review and confirm:** Review the flight specifics, passenger names, and payment details on the left side of the webpage. Make sure everything is correct, then click on *Pay and Book Now*.
9. **Confirmation:** The website will send a confirmation email with tickets and the receipt to the previously given email address.
10. **Print or save the tickets for reference.**
